

WAREHOUSE WORKER: Position for Los Angeles, CA to perform general warehouse duties

THE COMPANY: Located 10 minutes from Downtown Los Angeles, at the 5 and 605 freeways, Wayland Industries is a distributor of branded, high-quality stainless-steel fittings, valves, and tubing. Located in Milwaukee for the past ten years, The Company is rapidly expanding and will open its West Coast headquarters at the end of 2019. Wayland industries sells to wholesalers who service the food, beverage, dairy, and pharmaceutical industries. Wayland is one of the fastest growing distribution companies in the food and beverage space. Part of Wayland's success is generated from its emphasis on creating a highly collaborative and flexible company culture. Along with being a part of a highly energetic, expanding company, we offer a range of competitive perks to our employees.

- Highly Competitive Salary
- Bonus Incentive Program
- PTO & Paid Holidays

Responsibilities:

- Handling the daily shipment operations by picking and packing orders
- Maintaining organization in the warehouse
- Receive domestic shipments and import shipments
- Verify inventories and other miscellaneous stocking duties.
- Operate a forklift
- Package and handle 20 ft stainless steel tubing
- Assist in quality control procedures and inspection of products
- Complete basic paperwork relative to shipping and receiving tasks. This includes preparing necessary documentation regarding weight and freight cost on the order and properly labeling and documenting and special packages

Job Requirements:

- Preferred experience with pipe, valves, and fittings
- Ideal experience with stainless steel sanitary valves, fittings, and products used in food and beverage processing industry
- Knowledge of general warehouse practices
- Pull, pack, read and check customer orders
- Problem solve
- Ability to apply basic reading and math skills

- This role requires lifting up to 75 pounds, climbing ladders and spending significant period of time each day engaged in physical labor of receiving and shipping orders.
